Temperatures:

Trinidad's Temperature Forecast for the Third Dekad of January (21st -31st) 2018.

Moderate chance (70%) of daily maximum temperatures to exceed 30.9 °C, peaking near 31.9 °C.

Moderate chance (70%) of daily minimum temperatures to be below 21.6 °C, dropping as low as 19.9 °C.

Tobago's Temperature Forecast for the Third Dekad of January (21st -31st) 2018.

Moderate chance (70%) of daily maximum temperatures to exceed 29.9 °C, peaking near 30.8 °C.

Moderate chance (70%) of daily minimum temperatures to be below 22.8 °C, dropping as low as 21.7 °C.

Summary:

The outlook for the Third dekad of January calls for relatively wet conditions from days 21st till 27th of the month. A return to wet conditions from days 28th to 31st of the dekad. Overall, temperatures are expected to be cool with average temperatures ranging between 25.5 °C and 26.9 °C in both islands. The highest maximum temperatures are likely to reach 31.9 °C in Trinidad and 30.8 °C in Tobago. While, the lowest minimum temperatures are likely reach 19.9 °C in Trinidad and 21.7 °C in Tobago. As the season continues to transition into drier conditions, opportunities for water harvesting are likely to diminish, hence any opportunity to harvest and store rainwater should be undertaken, while irrigation processes continue.
