Public Warning Messages Issued

What Should I do?

PLAN

Green

Review your emergency plan. Be aware of your surroundings. Consider restocking emergency supplies. Pay attention to other warnings that may still be in effect.

BE AWARE!

Yellow

Increase monitoring of your environment, and stay tuned to official updates from the TTMS, ODPM, Regional Corporations, and Media.

PREPARE!

Orange

Make preparations to protect yourself, your family, your livelihood and your property. These should be done promptly.

SHELTER!

Red

Final preparations should be rushed to completion. Remain indoors or evacuate to a safe location if where you are is unsafe, or if instructed to do so by officials.
